Derek White

Vice President, Product and Procurement

Great Gulf

647-760-6591

derek.white@greatgulf.com

Where do you work and what is your role there?

I am Vice President, Product and Procurement at Great Gulf, responsible for design management, product specs, program development & pricing agreements.

What areas of commercial real estate do you specialize in?

Multi-family residential.

What do you find is most satisfying or challenging in your role?

Most satisfying is definitely seeing a building completed and people moving into something we have built. It is a great feeling to actually see the tiles, hardwood, artwork, gym equipment, etc. installed rather than on a piece of paper.

How long have you been a CREW member and what do you get most out of being a member?

I just joined CREW on the recommendation of a colleague in DC and am looking forward to meeting any/all Toronto members.

I would like CREW members to call me whenever they need . . .

...to talk about anything really. It is always good to have a network like this to act as a sounding board away from your day to day. I plan to do the same.
