#### **Where do you work and what is your role there?**

I work at Manulife Investment Management as a Real Estate Portfolio Analyst within the Real Estate team.

#### **What areas of commercial real estate do you specialize in?**

Office, Industrial and Multi-Residential

#### **What do you find is most satisfying or challenging in your role?**

What I have found satisfying is the ability to learn more from my teammates and collaborate together on multiple projects which in turn is enabling me to be more adaptive and assertive. Challenging is trying to learn everything about the CRE industry which also proves to be an intellectually stimulating exercise to make me grow.

#### **How long have you been a CREW member and what do you get most out of being a member?**

I only recently joined Toronto CREW in late 2019 as I have heard a lot about the organization through my time in school and work. Hence, I look forward to connecting with individuals who come together to advocate women in CRE; I also look forward to joining committees and getting to interact with my fellow colleagues.

#### **I would like CREW members to call me whenever they need . . .**

...support, event management, new ideas, anything
