Janet Reeve
Managing Director
INTECH Risk Management Inc.

416-583-3884

jreeve@intechrisk.com

Where do you work and what is your role there?

I am Managing Director at INTECH. We are an independent risk and insurance consultancy involved primarily in the analysis, development, implementation and management of property and casualty insurance programs. We do not sell insurance nor are we affiliated with any insurance broker or insurance company; therefore, we are able to provide unbiased, expert advice.

What areas of commercial real estate do you specialize in?

Insurance and risk-management programs, predominately for commercial asset managers and developers., however, we regularly review and "benchmark" insurance programs in other sectors to ensure a client is receiving the right coverage at the best price

What do you find is most satisfying or challenging in your role?

I have been in the risk management industry for over 30 years and find it very gratifying to share the knowledge I've gathered with both my clients and the next generation of insurance professionals.

How long have you been a CREW member and what do you get most out of being a member?

While I have been to events over the last few years, I am a new member in Toronto CREW.

I would like CREW members to call me whenever they need . . .

....risk management or insurance advice.
