### **Where do you work and what is your role there?**

I am a partner in Real Property Solutions, an independent real estate consulting firm which I founded in 2001..

### **What areas of commercial real estate do you specialize in?**

My partner and I specialize in: financial due diligence for buyers, brokers, owners and lenders; commercial mortgage advisory; asset management; project management; and strategic consulting.

### **What do you find is most challenging or satisfying in your role?**

I love the intellectual challenge of our work, and I love looking for ways to continuously improve the service we give our clients.

### **How long have you been a CREW member, and what do you get most out of being a member?**

In the past 10 years I have served as Programs chair, as a member of the Membership, Real Jobs and Nominating committees, and as a mentor.

Because I work alone or in small groups much of the time, I really enjoy the social and networking opportunity to meet a wide cross section of women in the industry.

**I would like CREW members to call me whenever they need:** help with financial analysis of any kind. If numbers are a mystery to you, call me! And, of course, if you have specific needs in financial due diligence or any of our other services, we'd be happy to work with you.
