

My Toronto CREW PROFILE – Annik Forristal

Annik Forristal
annik.forristal@mcmillan.ca

Where do you work and what is your role there?

In 2012, I joined McMillan LLP's Commercial Real Estate Group as an associate in the Municipal Law Group. Since that time, my practice has involved assisting clients with land use and building approval matters including providing representation before municipal councils, Committees of Adjustment and the Ontario Municipal Board. My practice also involves the representation of numerous players within the construction pyramid, including owners, contractors, subcontractors and consultants in matters including the preparation of construction contracts, contract negotiations, and complex contract claims and disputes.

What areas of commercial real estate do you specialize in?

Land Use Planning and Development, and construction

What do you find is most challenging or satisfying in your role?

I find seeing and visiting completed projects (such as development and infrastructure projects) that I have helped facilitate to be one of the most satisfying elements of my practice. Being able to witness first-hand how the work we do shapes our communities is a unique privilege.

How long have you been a CREW member and what do you get most out of being a member?

This will be my first year as a Toronto CREW member.

I would like CREW members to call me whenever they need . . .

...help answering questions or being pointed in the right direction for land-use planning or construction matters.
