

My Toronto CREW PROfile

Nicole Clancy
nicole.clancy@haworth.com

Where do you work and what is your role there?

Haworth designs and manufactures product solutions that help you create inspiring spaces where people can perform their best—at work, on the go, and at home. My role is as the Senior Business Development Manager.

What areas of commercial real estate do you specialize in?

Architectural floors, walls, systems, seating and collaborative furniture for the corporate office.

What do you find is most challenging or satisfying in your role?

I spent 12 years as a corporate Interior Designer and am passionate about the spaces people work in. Creating a successful space that reflects an organization's culture, brand and vision, while supporting the team members' wellness is a great sense of achievement for me.

How long have you been a CREW member and what do you get most out of being a member?

I have been a Toronto CREW member for 5 years. I enjoy two parts the exposure and connection with so many amazing and accomplished women eager to learn and share. As well I enjoy giving back to Toronto CREW through participation in the golf committee and Vice Chair of Programs.

I would like CREW members to call me whenever they need . . .

...to have a space relocation or change of any kind. My involvement in ARIDO and IFMA provide me to be a great connector with all things space related and if I'm not able to help I can always point you in the right direction. If your firm or clients that are looking to build a partnership, not just a purchase, my experience and access to research and trends allows me to be a valuable resource to transition to the best solution in their new space.
