Helen Xie

Project Coordinator of Construction and Development
Canderel Developments

416-564-6632

hxie@canderel.com

Where do you work and what is your role there?

I am currently a project coordinator of construction and development at Canderel Development. In my current role, I am coordinating the development and construction process for the YC Condominium with several other development projects down the pipeline.

What areas of commercial real estate do you specialize in?

Mixed-use Residential Development.

What do you find is most satisfying or challenging in your role?

The most challenging and satisfying aspect of my role is in the problem solving of every issue that comes up on the construction site as well as coordination issues among consultants. I also find being a female in the industry can be a challenge because it takes additional effort to prove that I am enough.

How long have you been a CREW member and what do you get most out of being a member?

I am new to Toronto CREW. I look forward to joining a community of like-minded individuals who are also passionate about their what they do.

I would like CREW members to call me whenever they need . . .

... to make videos featuring specific members. I run a project called The Passion Project where I interview individuals who are passionate about what they do.
