### **Where do you work and what is your role there?**

I am a Development Manager at Ivanhoe Cambridge. I am responsible for managing the development and expansion of properties within Ivanhoe Cambridge's retail real estate portfolio.

### **What areas of commercial real estate do you specialize in?**

I specialize in retail real estate; i.e. the development and expansion of large shopping centres.

### **What do you find is most challenging or satisfying in your role?**

Hurdles are constantly emerging and evolving throughout the stages of a project's development. Finding creative solutions to these challenges and physically seeing the development come to life are the most satisfying aspects of my role.

### **How long have you been a CREW member and what you get most out of being a member?**

I have been a CREW member and on the Scholarship Committee since 2012, and most recently a committee member for the Women's Leadership Development Program. Being a CREW member gives me the opportunity to form meaningful and valuable relationships, and to contribute to an ongoing industry dialogue with an extremely dynamic and knowledgeable group of peers. The Scholarship Committee has introduced me to many impressive young women entering the industry, several of whom I have had the rewarding privilege of mentoring through their transition from school to workforce. And, of course, having fun at Toronto CREW events!

### **I would like CREW members to call me whenever they need . . .**

a helping hand, to discuss anything related to real estate development, or just to make a new connection. One of my passions is meeting new people and sharing knowledge and ideas.
