Where do you work and what is your role there?

I work at Richmond-Adelaide Centre for Oxford Properties Group. I am the assistant property manager of Oxford's head office, EY Tower. EY Tower is the first SMART connected building in Toronto and is set to be LEED Platinum certified in 2019. I also overlook our concourse retail, storage and parking operations at Richmond-Adelaide Centre Complex.

What areas of commercial real estate do you specialize in?

Tenant Relations, Property Management and Leasing.

What do you find is most satisfying or challenging in your role?

Being able to provide exceptional customer service to our tenants and rewarding my staff for their service to our tenants as well is the most satisfying part of my role.

How long have you been a CREW member and what do you get most out of being a member?

I joined Toronto CREW in January of 2017 and also joined the programs committee & mentorship program. Being involved and engaged with Toronto CREW members and going to the events allowed me to further develop my networking and interpersonal skills.

I would like CREW members to call me whenever they need . . .

... my feedback on food at events ;)
