Where do you work and what is your role there?

I am a Corporate Development Manager at Crombie REIT, responsible for managing commercial property transactions across Canada, as well as supporting corporate development strategy and analytics.

What areas of commercial real estate do you specialize in?

Acquisitions, Dispositions, Joint Ventures/Arrangements, Corporate Strategy and Analytics.

What do you find is most satisfying or challenging in your role?

Closing a deal is definitely the most satisfying.

How long have you been a CREW member and what do you get most out of being a member?

I have been a member of Toronto CREW for just a few months. I am most looking forward to building my real estate network and to being inspired by successful women in the industry.

I would like CREW members to call me whenever they need . . .

...to discuss acquisition, disposition, or other investment opportunities in the commercial real estate space, or just to network.
