Tessa Compagno
Client Relationship Manager
ECOH Management Inc.

416-400-1015

tcompagno@ecoh.ca

Where do you work and what is your role there?

I work at ECOH Management as the Client Relationship Manager for the Business Development team. I am responsible for maintaining our exist clientele and for pursuing and retaining new business. I provide assistance to the project management team with respect to account management, project follow-ups, and general client support, and to the marketing team to ensure that our branding is consistent and effective. I am also responsible for representing ECOH at industry events, trade shows and conferences.

What areas of commercial real estate do you specialize in?

ECOH provides environmental and health & safety (EH&S) consulting services for nearly all property types: industrial, retail, office, multi-family, institutional, and vacant lands.

What do you find is most satisfying or challenging in your role?

The most satisfying aspect of my role is that every day is different and pushes me outside my comfort zone. Being in business development allows me the luxury of meeting new people, seeing new places and creating my own schedule, which I truly am grateful for..

How long have you been a CREW member and what do you get most out of being a member?

I just joined Toronto CREW.

I would like CREW members to call me whenever they need . . .

...an environmental or health and safety professional to assist with hazardous materials consulting, environmental subsurface investigations or health and safety assessments.
