

My Toronto CREW PROFILE

Micheline Bartlett

mbartlett@intercededesign.com

Where do you work and what is your role there?

I work at Intercede Design. As the founder and President of the company my role is multi-faceted including hiring the right talent, business development, client relations and providing inspiration.

What areas of commercial real estate do you specialize in?

Intercede specializes in creating unique workplace environments that support our clients' objectives and their corporate culture. We complete the design process, obtain the permits and oversee construction and furniture procurement so the client moves in on time.

What do you find is most challenging or satisfying in your role?

What I find most satisfying is working with a wide variety of companies in various industries with varying needs and finding the right solution for them. I find it very gratifying that so many of them come back to us time and time again.

How long have you been a CREW member and what do you get most out of being a member?

I've been a member for 12 years. I've gotten the most out of being a member when (as I am currently) I've served on a committee. This has been when I've built strong ties and lasting relationships with other members.

I would like CREW members to call me whenever they need . . .

I'd like members to call me when they have design related questions, they want a preliminary layout done, they want to recommend a design firm or they simply want to chat.
