Where do you work and what is your role there?

I am a partner in Osler's Real Estate Group. Osler is a leading full service, national law firm. With over 20 years of broad experience in commercial real estate law, I am a trusted advisor, team player and problem-solver.

What areas of commercial real estate do you specialize in?

My practice can be described as diverse, encompassing all aspects of real estate and with a focus on the acquisition, disposition, financing, construction, and development of commercial, industrial, multi-unit residential, retail, office and hospitality properties.

What do you find is most satisfying or challenging in your role?

The most challenging (but also a very satisfying) aspect is finding innovative and unique solutions to complicated legal and business issues when representing clients. This includes building and working in teams to manage and mitigate risks through thoughtful and practical advice and strategies. It is tremendously rewarding to be able to deliver results and create value on complex projects in a dynamic environment.

How long have you been a CREW member and what do you get most out of being a member?

I recently joined Toronto CREW (December 2020) after taking a hiatus. I look forward to not only reconnecting with old friends and making new ones, but also making meaningful contributions with smart and like-minded women in the industry. I am also keenly interested in continuous professional growth and development.

I would like CREW members to call me whenever they need . . .

... assistance with anything, such as an extra pair of hands for any initiatives or events, brainstorming for new ideas or general advice.
